Week 2

Bible League-trained leaders from 29 churches in **Malawi** are leading small group Bible studies with people at the country's Dzaleka Refugee Camp. Pray that many of these refugees find new life in Jesus Christ.

Bible League's team in **Armenia** marked a day of fasting and prayer with some of the ministry's partners. "Christians in Armenia need unity, and we all need peace in our country," says our national ministry director. "Pray with us, as it is intensely challenging to live in a country under the constant threat of war."

Please pray for Pastor Chery, a Bible League-trained leader in **Haiti**. Armed gangs ransacked his church in a suburb of Port-au-Prince, the capital city. Church members, including 20 Bible League-trained Bible study leaders, have fled the area. The pastor is now struggling to gather everyone in another location. Tragically, his wife suffered a stroke due to the trauma and passed away. Ask God to give him comfort and strength.

Week 3

Praise God for the new easy-to-read Korean Bible translation. Local pastors from Korean churches in the **Chicago** area as well as from across the **U.S.** gathered on April 30 to take part in the Bible's dedication. They have been eagerly awaiting this Bible to use in their congregations with those whose heart language is Korean. Pray for Bible League's U.S. team as they introduce the Korean Bible and Bible study materials to these churches.

Praise God for Bible League-trained church planters Mitra and Ramkrishna in **Nepal**. Mitra, who leads

a congregation of 45 people in the western part of the country, recently baptized seven new believers. Pray for the spiritual growth and protection of these individuals. Ramkrishna is guiding a church of 20 members. Pray for the spiritual growth of three people who recently accepted Jesus.

Alberto, a Bible League-trained prison ministry volunteer in **Argentina**, reports that 53 inmates in the country's Sierra Chica Prison were baptized in March of 2025. He adds that about 60 more were to be baptized later that same month. Praise God! Last year, Bible League provided more than 400 Bibles to be used in the prison. Pray that many more inmates will find freedom and new life in Jesus Christ.

Week 4

Please pray for Pastor Suresh, a Bible League-trained Bible study leader, in northern **India**. While sharing God's Word with the unreached in his community, local authorities arrested him, his wife, and four other believers. They have been in jail since February 2025. Pray that God will work in the hearts of their oppressors so that they will be released and all charges against them will be dropped.

Pray for Pastor Golam, a Bible League-trained church planter in western **Bangladesh**, who is sharing God's Word among Muslims. Currently leading a Bible study with eight new believers, Pastor Golam is now facing opposition and threats from Muslim religious leaders who oppose him. Pray that the Lord will protect him. Also pray that the Holy Spirit will lead him to reach even more people in his community with the Good News of Jesus Christ.

Give thanks for a training held in March for Muslim Background Believer women in **Pakistan**. Pray that those trained will be able to share the truth of God's Word and help more women to understand its promises and find hope and new life in Jesus.
